FRIENDS OF THE HORSEMAN DISSATISFIED WITH

THE DECISION OF THE BOARD OF REVIEW. Apart from the decision of the celebrated Salissury case, not much of importance was done yes

National Trotting Association, and after dissing of a large number of applications for the val of suspensions, the Solons of the trotting orld adjourned to meet again in Chicago next May. world adjourned of the Salisbury case was a surprise to the outcome of the Salisbury case was a surprise to hearly all horsemen, although the rumor had been nearly an invariant and a second of the case was submitted that a current ever since the case of \$100 would be imposed upon the owner of fine of all alleged infraction of the rules of Allx for his alleged infraction of the rules of trotting at the Floetwood Grand Circuit meeting in September. This decision was generally looked on as a sort of compromise verdict, intended not so much by way of punishment for Salisbury as a balm for the criticised judges of the race in

By removing the penalty of expulsion the board polledly censured the Fleetwood officials, and the was expressly censured besides; while, by seing a fine of \$100 upon Salisbury, he in turn disciplined.

The California turfman and his friends have all along insisted that he was either guilty or innocent; that there was no middle ground in the matter, and that he should either stand expelled he exonerated from all wrongdoing. They were no means pleased with the finding. Said Will-B. Fasig, who is the vice-president and leading mirit in the Driving Club of New-York: "I think decision was entirely wrong. Salisbury has a clean record on the turf, and, in my opinion, he was all right in the withdrawal of Expressive at Fleetwood Park. If ever an innocent man was mished. Salisbury is that man." A new bit of evidence bearing on the case came to

light yesterday after the decision had been ren-It will be remembered that ex-Alderman Henry Hughes was one of the judges who ex-pelled Salisbury, and Hughes has insisted ever pelled Salisbury, and Hughes has insisted ever since the case came up that he never gave Salisbury permission to draw Expressive, while the California turfman declared he did. George H. Martin, who trained for A. B. Darling last season, says he was at Fleetwood Park the morning after Salisbury shipped Expressive, and that when Henry Hughes dreve up to the clubhouse, Martin heard him say to John P. Gibbs that he and John R. Barry, another of the Judges, had given their consent to Expressive's withdrawal, Gibbs corroberates Martin in this statement, and John Rudd, a member of the Executive Committee of the Driving Club, says Hughes on the same day also admitted to him that he had given his consent. This evidence is, of course, in direct conflict with the decision of the board, which amounts to a finding that Salisbury did not secure permission to withdraw Expressive.

The compilicated case of M. L. Hare against the Detroit Driving Club was decided in favor of the appellant. Hare had purchased a subscription to the Merchants and Manufacturers' \$10,000 stake from H. S. Lewis, of the Detroit club, acting as agent between buyer and seller. Hare declined to pay the amount due, \$50, and he was accordingly suspended from all National tracks by the Detroit club, but the Board of Review decided that Hare could not be legally suspended for a debt which, if due at all, was due to H. S. Lewis, instead of the Detroit club. since the case came up that he never gave Salis-

Detroit club.

In the matter of the trotting mare Bellona, 2:1112, that was campaigned by Budd Doble last season while under suspension, no action was taken, the case being carried over to the May term at Chicago, on application of Doble, who is now in California.

### PENNSYLVANIA'S NEW CAPTAIN. WILLIAMS WILL SUCCEED KNIPE, WHO REFUSED A RE-ELECTION.

Philadelphia, Dec. 6.—Carl S. Williams was to-day unanimously elected captain of the University of Pennsylvania football team for next year. Williams played quarterback on this year's team and was substitute quarterback on last year's team. He is twenty-one years old and a member of the medical class of '97. The position of captain was first tendered to ex-Captain Knipe, but he declined it, as he will not return to college next year for a postgraduate course.

### IVES BREAKS WORLD'S RECORDS. & RUN OF 359 POINTS-PHENOMENAL BILLIARD PLAYING.

Chicago, Dec. 6.-Frank C. Ives broke the world's secord at balk-line billiards, with the anchor barred, twice to-night, during the continuation of the tournament with Jacob Schaefer. Before tomight the record was 331, made at the New-York tournament by Ives. By making 53 in the first inn-ing to-night, added to his 281 of the night before, the two being one run, he broke his own record three points, and later in the evening by the phenomenal run of 359 again smashed it. No such billiard playing was ever seen in Chicago. Ives's average was \$2-13.

At the conclusion of the night's play the score god: Ives, 2,400; Schaefer, 1,431.

Boston, Dec. 6.—Dr. George O. Shattuck writes, an editorial in defence of the game of football in the current issue of "The Boston Medical and Surgical Journal." His words will have great light, as the writer is an overseer of Harvard University. Dr. Shattuck says:

But, once and for all, let us not give the youths of the day the impression that the only sports to be indulged in are those which do not call for courage. There is no question but that before another asson opens changes must be made in the rules, and a proper provision made for their vigorous enforcement.

# THE BEST GAME FOR COLLEGE MEN.

Madison, Wis., Dec. 6.—In an interview yesterday President Adams, of the State University, spoke highly of football, "the best game for college men, highly of footbail, "the best game for college men, all things considered," he said, "that has ever been played." He would do away with abuses, however. Athletic councils composed of students, graduates and professors should regulate affairs. Three umbers in place of one could stop much of the roughmen, Men should be ruled out of the game for instance of the council of the game for instance of the same called.

President Adams will soon meet other college presidents to consider reforms in football.

# EASTERN LEAGUE MEETING.

was continued at the Fifth Avenue Hotel yesterday. President Powers called the session to order at 11 o'clock a.m., all the delegates being present. The application of James A. O'Rourke, in behalf of Bridgeport, Conn., to be admitted to the league. was considered, and a Circuit Committee, consisting of T. E. Burns, G. N. Kuntzsch and P. T. Powers, was appointed to act on Bridgeport's and Newark's applications for a franchise and the advisability

and facilities of forming a ten-club circuit.

President James Franklin, of the Buffalo Club informed the meeting that he had purchased the franchise and players of the Eric Club. The Rochester Club was admitted to the league in place of the defunct Yonkers Club. The Scranton Club was reinstage.

Buffalo, and President Powers were appointed a committee to arrange the schedule of games for next season. The president was also empowered to select the league's unpries. It was also agreed that the league apply to the National League for reservation privileges relating to the services of players.

## THE BID FOR THE CUP.

FULL TEXT OF DUNRAVEN'S CHALLENGE

RECEIVED BY CABLE. J. V. S. ODDIE, SECRETARY OF THE NEW-YORK

The full text of the new challenge for the Amer The night before, J. V. S. Oddie, the secretary of the New-York Yacht Club, telegraphed to the secretary of the Royal Yacht Squadron asking if a challenge had been sent. In reply Mr. Grant, the Royal Yacht Squadron's secretary, sent the whole challenge yesterday morning, and said that the formal challenge had been mailed, and would arrive here on Wednesday. As soon as Mr. Oddie received the telegraph copy of the challenge, he made a copy of it for the use of the Cup Commit-tee, and locked the original up in his safe. As soon as the challenge arrives a special meeting of the New-York Yacht Club will be held to con-

sider it. A meeting of the Cup Committee will be held today at the office of James D. Smith, in Broad-st. As they will have a verbatim copy of the chal-lenge before them, they will be able to report at the special meeting of the club, so at that meeting the entire affair of the challenge can be settled If this is done it will break the record. Usually there is a correspondence covering much paper and more time, as a prelude to a challenge and its acceptance.

Mr. Oddie said yesterday that the text of the challenge would not be given out until it had been acted upon by the New-York Yacht Club. After the challenge has been acted upon will come the period of formation of syndicates to build cup

defenders. It is said that the new challenger to be built by Lord Dunraven will be one of the most powerful boats ever seen in these waters. She will have a big balloon jib topsail, and there will be several things about her which are called "tricks learned from the Yankees."

The Navahoe and Vigilant have been carefully studied by British designers, and the knowledge gained will be utilized in the building of Lord Dunraven's boat. It is not at all improbable that the Vigilant will be brought back here for the purpose of entering in the trial races. While swifter yachts than the Vigilant may be built, she would be invalu-ble for "getting a line" on the new boats.

Bristol, R. I., Dec. 6.—The report that the Herreshoffs had received an order for a cup defender to be built on the acceptance of Lord Dunraven's challenge is denied by John B. Herreshoff, who

challenge is denied by John B. Herreshoff, who says that certainly no order has been placed, even conditionally, and that there had been no talk of a large racing yacht since last spring, when James Gordon Bennett talked of building.

As to the reported extension of the works for the building of a cup defender, Mr. Herreshoff said that the report undoubtedly arose from the hiring by the firm of land in the cove south of the works, and the securing of permission to build a marine rallway. The land would give a chance for the hauling out of small yachts, and the rallway would be only a light one with such an end in view About ten feet of water could be had in the cove at high water, but not more. A cup defender, if ordered, would be built in the north shop, from which the 136-foot steamer now building there will be launched.

In the shops the frames of the 20-rater for How-

In the shops the frames of the 20-rater for Howard Gould are bent on the molds, and the yacht will soon be set up in the south shop. The 20-rater for a German owner will be a duplicate of the Gould boat.

TO LEASE ITS HOUSE AGAIN FOR FIVE

### YEARS. The New-York Yacht Club has decided to take

another five-years' lease of its present clubhouse. The interior will be rearranged, and many improvements will be made.

The Board of Directors of the New-York Baseball
Club held a meeting yesterday at the club's offices,
No. 16 Broad-st. The object was to decide what
action should be taken by the club in relation to
the claims of the Dressler people to the clubhouse
and several of the stands on Manhattan Field. The
structures in question were purchased by the Dresslers at the receiver's sale, and an attempt, it will be
remembered, was made to remove them from the
grounds before the Yale-Printeton football game on
December 1, but it was prevented by a resource to
the courts.

The advice of the club's lawyers will be sought.

They went to Wakefield, Neb., to see the horse there said to be Bethel, but were told that she was at Elkpoint, S. D. They went there also and were shown a horse, but they made affidavits that it was not Bethel. They say they have made a trip to all points where it was supposed Bethel was, and have made an honest effort to find her, but they have been unable to do so. They declare that the mare is not in this country; that the mare Kneebs entered in the German circuit as Nellie Kneebs is Bethel, so far as they know, and that pictures of this mare are good ones of Bethel.

A NEW PIANIST ARRIVES.

Bernard Stavenhagen, the planist, arrived here yesterday on the Trave. He is to play in a concert at the Carnegie Music Hail next Wednesday evening and a little later at a matinee. He has also early engagements in Philadelphia and Boston, and will make an extensive tour of the country, going probably as far as the Pacific Coast and giving forty or fifty concerts. Mr. Stavenhagen studed music with several of the best European masters, and was constantly with Liszt through the last two years of his life. He began his public career in London in 1887. He has given many concerts in England, Germany and Austria. He said last night that he had been intending to come to America for four or five years, but had been prevented by European engagements. He was able to come this season only because the death of the Czar had season onl four or five years, but had been prevented by European engagements. He was able to come this season only because the death of the Czar had caused the cancelling of numerous engagements in Russia.

A reception was given last evening by J. Cleve-land Cady, the architect, for the Rev. Dr. W. G. Frost, president of Berea College, Kentucky. Dr Frost is making a tour of all the large American cities in the interest of Berea College, and the re-ception given him last evening by his friend, Mr. Cady, was attended by many prominent men in "The people of the Blue Grass region and of the

### WHAT A NUISANCE HE IS!

HIS HEALTH AND STRENGTH.

Most of us have met the man who is forever Most of us have met the man who is forever bragging about his good health—as if that were any merit of his. He invites us to feel his muscles, and to thump him on the chest. Says he was never sick a day in his life, etc., etc. He may be virtuous and intellectual, as well as robust, but he is a great nuisance.

"And I never touch a drop of stimulants, sir," he says.

Very well, friend; if you don't need stimulants Very well, friend; if you don't need stimulants let them alone. The same advice applies to pills and plasters. But, please recollect that most people do not keep themselves up to a high standard of health all the time. They simply can't. They are depressed by long hours in the cold air. Their feet get wet, and they droop in ill-ventilated rooms. Every community, during the cold months is full of people who are on the brink of sickness, and might have fallen over at any time, unless they saved themselves with a pure, health-bestowing stimulant.

These are the people that tell how greatly they have been benefited by Duffy's Pure Malt Whiskey. They tell how it toned nerves and stomach; how it stopped that nasty, obstinate little cough, and supplanted languor and weakness with snap and vigor.
